

Abheejeet Mohapatra received B. Tech in Electrical Engineering degree from College of Engineering and Technology (CET), Bhubaneswar under Biju Patnaik University of Technology (BPUT), Odisha in 2008. He received the POSCO Asia Fellowship during 2006-2007 and the University Gold Medal in 2008 on securing the highest CGPA among all EE graduates in BPUT. He did M. Tech in Power Systems and Ph.D in Electrical Engineering from Indian Institute of Technology, Delhi (IITD) in 2010 and 2014, respectively. He has also received the POSOCO Power System Awards in 2014 for his research work under Doctoral category. Currently, he is an Associate Professor in Department of Electrical Engineering at Indian Institute of Technology Kanpur (IITK). He is the recipient of the INAE Young Engineer Award in 2021 and the Devendra Shukla Young Faculty Fellowship in 2020. He has served the Vice-chair of IEEE UP Section, the Treasurer of IEEE UP Section and Chairperson of PES/IAS Chapter of IEEE UP Section. His research interests include dealing with uncertainties in power system operation, planning, control and protection.
